

# PVC UV MARBLE SHEET

RESPONSIBLE ONE-STOP BUILDING MATERIAL PROVIDER

## PVC UV MARBLE SHEET

PVC Marble Sheet also known as PVC Marble Panel or PVC Marble Board, is a type of interior decorative material designed to replicate the appearance of natural marble. It is made from a combination of PVC (polyvinyl chloride) and other additives, which are then processed to create a sheet with a marble-like pattern on the surface.

## INSTALLATION TOOL

Tape Measure

Utility Knife/  
Ion Circular Saw

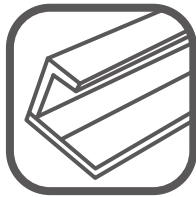

Rubber Hammer

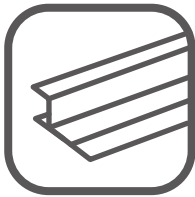

Pencil

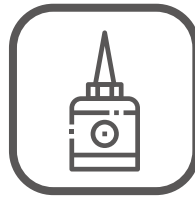

Screws or air nails

Electric drill/  
air nail gun

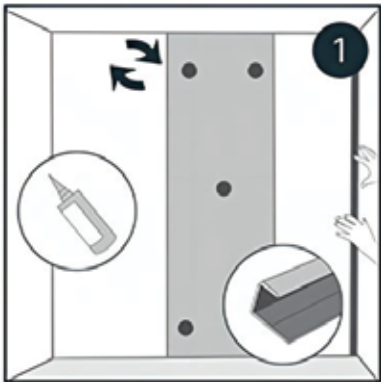

End Cap

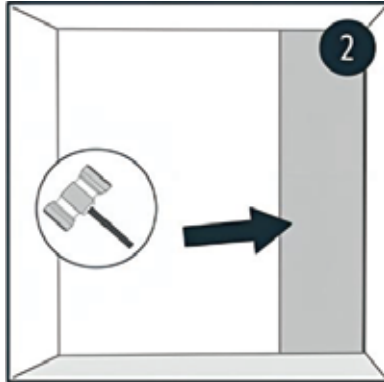

Combine strip

Structural  
adhesive

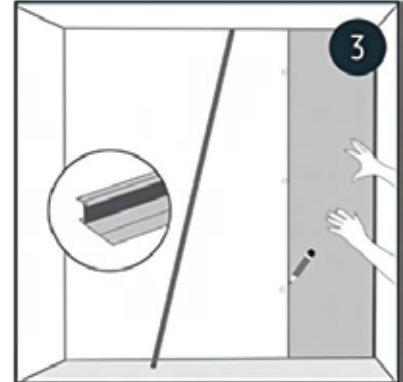

## INSTALLATION METHOD

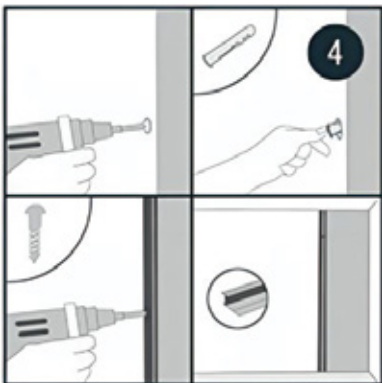

① Install decoration metal strip and apply structural adhesive to the back of the wall panels

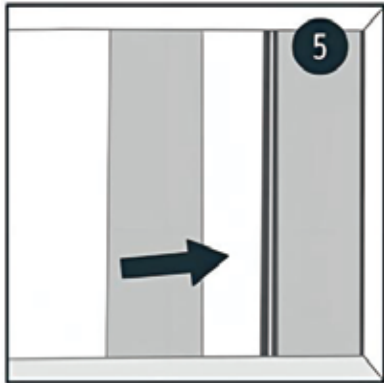

② Use rubber hammer to tap gently to make the panel fit tightly against the wall.

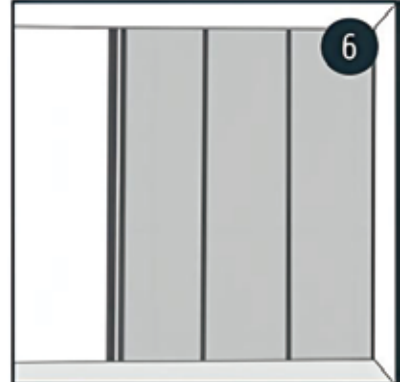

③ Install the combine strip.

④ If you use expansion screws, you need to drill holes in advance and mark the drilling positions with a pencil. If you use an air nail gun, you do not need to drill holes in advance.

⑤ Apply structural adhesive to the back of the next panel and snap it into combine strip

⑥ Repeat step
